benefit to the directors of finance and human resources development. Establishes early retirement incentive provision. Allows any employee who receives official notice of a reduction in force from an appointing authority that the employee's position is specifically eliminated or eliminated as a result of a workforce reduction plan proposed by the department to elect, if the employee is a vested member of the employees' retirement system and meets the specified criteria, the early retirement incentive. Provides that the early retirement incentive shall be in lieu of severance benefit and any reduction in force rights the employee may be entitled to under a collective bargaining agreement or rules. Provides criteria for the requirements. Requires the board of trustees of the employees' retirement system to determine the portion of the additional present value of benefits to be charged to the State based on retirements under the early retirement incentive program. Establishes the disciplinary termination and exception provision. Prohibits the voluntary severance benefit or early retirement incentive benefit to be payable to a state employee terminated for disciplinary reasons or for reasons other than a reduction in government workforce. Requires each state department to forward a report on the positions affected to the directors of finance and human resources development who shall then abolish the vacated positions from the appropriate budget and personnel data files. Requires the department of human resources development and the department of budget and finance to develop guidelines for participating agencies to facilitate the implementation of the voluntary severance benefit and the early retirement incentive. -- Requires the department of human resources development, in cooperation with the employees' retirement system, to provide briefings prior to the implementation of any strategic workforce reduction plan to educate those employees whose positions are being eliminated. -- Requires the governor to annually report to the legislature. Amends the compensation provision by establishing the classifications by directors. Allows each director to establish, implement, and maintain 1 or more classification systems covering civil service positions within their respective jurisdictions; establish rules that allow for review and appeal of classification and initial pricing actions. Establishes drug testing of applicants and managed competition provision under the public service law. Requires the state and counties to establish a program and procedure for managed competition for government services through a managed process that determines whether a particular service can be provided more efficiently, effectively, and economically by a public agency or a private enterprise. Prohibits any officer or employee to assign to oneself or others excessive overtime for the purpose of increasing an employee's average final compensation. Establishes the accountability for performance ratings provision. Provides that excluded officers and employees under this provision shall be responsible for true and accurate performance ratings of all subordinate employees, and certify that their ratings are consistent with the requirement. Amends provision relating to the recruitment flexibility for the counties, and the judiciary, and the Hawaii health systems corporation. Requires the applicable of equal pay for equal work principle on a statewide basis. Requires the director to seek continuous improvements to streamline the recruitment process so that positions are filled in the most economic, efficient, and expeditious manner possible whether it involves a change in the manner in which initial appointments are to be made, increased delegation to the departments, or decentralization to appointing authorities, as necessary and appropriate, includes maximizing use of new technologies and developing more efficient alternatives to ensure the availability of qualified applicant pools. Exempts the commission and director from the requirement to comply with rulemaking procedures that unduly delay the process of recruitment and classification of public employees. Amends the definition of employer or public employer to include the chief justice in the case of the judiciary, and the superintendent in the case of department of education, the president in the case of the university of Hawaii, and the chief executive officer in the case of the Hawaii health systems corporation. Repeals the
