FOREWORD

This publication sets forth all of the requests made by the Hawaii State Legislature during the Regular Session of 2006 to agencies and officials of the federal, state and county governments and of quasi-public and private agencies. These requests are contained in acts enacted by the Legislature or bills passed which have yet to be approved by the Governor. These acts or bills include specific requests for submission of information back to the Legislature excluding annual and other reports requested on an indefinite basis. These requests are also contained in resolutions adopted by the Senate or House of Representatives or by the whole legislature. Dates by which reports and other responses are expected are indicated when specifically set by the Legislature. The names of the agencies involved in the conduct of a study or the execution of a request are underscored.

For the reader's convenience these legislative requests are also grouped together by agencies (see agency index); as well as by subject matter (see subject index).

Standard abbreviations used in the text are:

SB	-	Senate Bill
SC	-	Senate Conference Committee Report
SCR	-	Senate Concurrent Resolution

AFFORDABLE HOUSING, OAHU, ECONOMIC REDEVELOPMENT AGENCY. Requests the Legislative Reference Bureau to evaluate the feasibility of redeveloping certain older neighborhoods for affordable housing through the establishment of an economic redevelopment agency for the urban core of Honolulu.

Further requests the Bureau to consult with appropriate government agencies, including but not limited to the Hawaii Community Development Authority, the Housing and Community Development Corporation of Hawaii, the Mayor of the City and County of Honolulu, the neighborhood boards, and private stakeholder organizations and individuals.

Further requests the Bureau to consider the feasibility of:

- (1) Requiring the functions of the redevelopment agency to include:
 - (a) Identification of suitable parcels of land and buildings;
 - (b) The necessity of land acquisition and assembly; and
 - (c) Infrastructure requirements and means of financing improvements.
- (2) Requiring an existing rather than a new agency of state or county government to undertake the redevelopment.

Further requests the Bureau to consider whether the redevelopment agency:

- (1) Should be empowered to create superblocks, put development rights out to competitive bid, issue long-term ground leases, and develop infrastructure and multi-family housing projects using tax increment financing; and
- (2) Can have appropriate oversight responsibility and accountability, without being unduly encumbered by personnel and procurement rules and regulations.

SHORELINE SETBACK REFERENCE LINE DEFINITION. Requests the Auditor to study the alternative systems and methods for defining and establishing the shoreline setback reference line.

Further requests, as part of the study, the Auditor:

- (1) Provide the legal framework for the definition of shoreline as used to establish the shoreline setback;
- (2) Identify federal, state, and county agencies involved in coastal zone management in Hawaii, existing coastal data, and possible funding sources;
- (3) Research and identify methods, systems, and technologies used in other states and countries that are used for the purpose of shoreline setbacks;
- (4) Identify alternative shoreline setback lines that could be used in Hawaii, the pros and cons of each as applied to Hawaii's varying coastline types, and associated costs;
- (5) Compare the alternative methods with the current method being used and make recommendations;
- (6) Determine impacts of changing the setback reference line on use of the shoreline certification process for ownership purposes and for conservation district purposes; and
- (7) Identify any other possible changes to Hawaii's shoreline setback system.

Resolves that the Auditor may hire consultants to conduct portions or all of the study, provided that any coastal consultant will preferably be one who has national and international experience with coastal construction setback systems.

Further requests the Auditor to convene and facilitate an advisory group to provide feedback on the study that consists of one member each representing:

- (1) The Department of Land and Natural Resources;
- (2) The Department of Business, Economic Development, and Tourism, Office of Planning;

MANTA RAYS PROTECTION. Requests the Department of Land and Natural Resources to partner with other state and government agencies with expertise to establish a working group to determine methods to protect the Order Batoidea, including manta rays from poaching and fishing.

Further requests the working group to:

- (1) Research and pursue all possible means of protecting the Order Batoidea, including manta rays; and
- (2) Draft proposed administrative rules to prevent poaching, fishing, or killing of species under the Order Batoidea.

Further requests the Department to immediately implement emergency measures to prohibit the taking of manta rays while the study is in progress.

Further requests the Department to submit a report to the Legislature of its findings and progress to implement administrative rules, including proposed suggested legislation if necessary, no later than thirty days prior to the convening of the Regular Session of 2007.

Resolves that if significant protection is not achieved by January 2007, the Legislature may consider enacting laws to implement 100 percent protection of all manta rays.

DEPLETED URANIUM, SCREENING FOR VETERANS FOR EXPOSURE, STORAGE AND DISPOSAL, AND TASK FORCE. Requests the Adjutant General to assist any member or veteran of the Hawaii National Guard who returns or has returned to this state after service:

- (1) In the Persian Gulf War, as defined in Title 38 United States Code Section 101; or
- (2) In an area designated as a combat zone or qualified hazardous duty area by the President of the United States during Operation Enduring Freedom or Operation Iraqi Freedom, or recognized as such by the Internal Revenue Service for purposes of exclusion from the income tax; to obtain a health screening test for exposure to depleted uranium that uses methods capable of detecting low levels of depleted uranium.

Requests the United States Department of Defense to conduct an environmental assessment of the scope and adequacy of depleted uranium storage and disposal in Hawaii and compile a report on training received by members of the Armed Forces on exposure to depleted uranium and to include in the report an assessment of the adequacy of training of service members concerning potential exposure to depleted uranium, the cost of pre deployment training concerning potential exposure, and recommended precautions to be taken while under combat and non combat conditions.

Further requests the United States Department of Defense to consult with and inform the State Department of Health on the environmental assessment and report its findings and recommendations to the Legislature no later than twenty days prior to the convening of the Regular Session of 2007.

Requires the Legislature to give serious consideration to passing legislation during the Regular Session of 2007 that will:

- (1) Ensure access to appropriate screening for all members or veterans of the Hawaii National Guard who return or have returned to this state after service:
 - (A) In the Persian Gulf War, as defined in Title 38 United States Code Section 101; or
 - (B) In an area designated as a combat zone or qualified hazardous duty area by the President of the United States during Operation Enduring Freedom or Operation Iraqi Freedom, or recognized as such by the Internal Revenue Service for purposes of exclusion from the income tax;
- (2) Establish a task force within the Office of Veterans' Services to study the various aspects of depleted uranium as it relates to veterans in the State of Hawaii and develop a plan for outreach to and follow up of eligible veterans; and
- (3) Structure the task force established under paragraph (2) to consist of fourteen members as follows:
 - (A) The Director of Veterans' Services or a designee;
 - (B) The Director of Health or a designee;
 - (C) Four members of the Legislature appointed by the Governor as nominated, one each, by the majority and the minority leaders of the Senate, and the majority and minority leaders of the House of Representatives;
 - (D) Two members who are physicians or scientists with knowledge of or experience in the detection or health effects of exposure to depleted uranium or other hazardous materials appointed by the Governor as nominated, one each, by the President of the Senate and the Speaker of the House of Representatives;
 - (E) Four members who are veterans with knowledge of or experience with exposure to depleted uranium or other hazardous materials appointed by the Governor as nominated, one each, by the majority and the minority leaders

- of the Senate and the majority and the minority leaders of the House of Representatives; and

ATTENDANT CARE AND DAY CARE SERVICES, PERFORMANCE OF, DEFINED AS EMPLOYMENT. Requests the Attorney General, as the State's legal representative and chief legal officer, to provide a definitive legal opinion forthwith, regarding whether sections 386-1, 392-3, and 393-5, Hawaii Revised Statutes, exclude from the definitions of "employment" those individuals who perform attendant care and day care services authorized under the Social Security Act, as amended, in the employ of persons, including corporations and private agencies, who contract with the Department of Human Services to provide care services and who are the recipients of social service payments.

Further requests the Attorney General to provide the Legislature with a definitive legal opinion forthwith, regarding whether chapter 383, Hawaii Revised Statutes, excludes from its definition of "employment" those individuals who perform attendant care and day care services authorized under the Social Security Act, as amended, in the employ of persons, including corporations and private agencies, who contract with the Department of Human Services to provide these services and who are the recipients of social service payments.

Further requests that if the Attorney General opines that these individuals are not already excluded from the definition of "employment" in chapters 383, 386, 392, and 393, Hawaii Revised Statutes, the Attorney General is requested to provide the Legislature with proposed legislation that will retroactively and prospectively exclude from the definition of "employment" in chapters 383, 386, 392, and 393, Hawaii Revised Statutes, those individuals who perform attendant care and day care services authorized under the Social Security Act, as amended, in the employ of persons, including corporations and private agencies, who contract with the Department to provide these care services.

Further resolves that to provide the Legislature with an opportunity to act upon the Attorney General's recommendations or proposed legislation, or both, and to ensure that social care providers continue to operate and use their resources to provide services to elderly and disabled adults in Hawaii, the Legislature requests that the Attorney General, Department of Labor and Industrial Relations, Department of Taxation, and other state agencies and private entities suspend, until June 30, 2007, all application and enforcement of the relevant provisions of chapters 383, 386, 392, and 393, Hawaii Revised Statutes, regarding insurance, withholdings, payments, and all similar requirements on persons, including corporations and private agencies, who contract with the Department of Human Services to provide attendant care and day care services authorized under the Social Security Act, as amended, as these laws relate to individuals who perform attendant care and day care services authorized under the Social Security Act, as amended, in the employ of these persons.

Further requests the Director of Human Services, upon receipt of the Attorney General's opinions requested under this Resolution, to notify all affected persons, including

corporations and private agencies, who contract with the Department to provide attendant care and day care services authorized under the Social Security Act, as amended.

Further requests the Attorney General to submit the opinions requested under this Resolution to the Legislature and to the Director of Human Services as soon as possible.

Further requests the Attorney General to submit to the Legislature, no later than twenty days prior to the convening of the Regular Session of 2007, any proposed legislation to effectuate the exemption of persons, including corporations and private agencies, who contract with the Department to provide attendant care and day care services authorized under the Social Security Act, as amended, from chapter 383, Hawaii Revised Statutes, and any other laws identified in this Resolution as may be necessary.
