FOREWORD

This publication sets forth all of the requests made by the Hawaii State Legislature during the Regular Session of 2010 to agencies and officials of the federal, state and county governments and of quasi-public and private agencies. These requests are contained in acts enacted by the Legislature or bills passed which have yet to be approved by the Governor. These acts or bills include specific requests for submission of information back to the Legislature excluding annual and other reports requested on an indefinite basis. These requests are also contained in resolutions adopted by the Senate or House of Representatives or by the whole legislature. Dates by which reports and other responses are expected are indicated when specifically set by the Legislature. The names of the agencies involved in the conduct of a study or the execution of a request are underscored.

For the reader's convenience these legislative requests are also grouped together by agencies (see agency index); as well as by subject matter (see subject index).

Standard abbreviations used in the text are:

FALLS BY OLDER ADULTS. Requests the University of Hawaii Center on Aging to convene a Hawaii State Fall Prevention Task Force (Task Force) to develop a statewide approach to reducing falls among older adults by investigating and examining the immediate and long-term dangers of fall injuries on our senior population, examining the fiscal impact of senior falls on our medical system and health care costs, and recommending appropriate interventions and prevention programs to reduce falls and health care costs associated with falls.

Resolves that the Task Force consist of five members appointed by the Governor, five members appointed by the President of the Senate, five members appointed by the Speaker of the House of Representatives, and six additional members, who are leaders in their industry or directors of their departments, or their designees, and who shall collaborate with and support the work of the Task Force as requested. These additional six members are to include:

- (1) The Medical Director or Corporate Executive Officer of the Hawaii Health Systems Corporation;
- (2) The Dean of Geriatric Medicine of the John A. Burns School of Medicine;
- (3) A representative of the Fall Prevention Consortium;
- (4) The Director of Health or the Director's designee;
- (5) The Director of the Executive Office on Aging or the Director's designee; and
- (6) The Director of the Elderly Affairs Division of the City and County of Honolulu or the Director's designee.

Further resolves that the Director of the Executive Office on Aging is designated as the chair of the Task Force.

Further resolves that members of the Task Force have a background in elderly services, geriatric medicine, geriatric pharmacology, business, insurance, health care, long-term care, hospital administration, risk management, or public policy development, or be an advocate for or consumer of elderly care services and that members of the Task Force be appointed as soon as practicable, but by no later than July 1, 2010.

Requests the Task Force to convene before August 15, 2010, whether or not all membership appointments have been made at that time; the Task Force shall be convened at a place chosen by the convener; the Department of Health and Executive Office on Aging to provide administrative support; and the Legislative Reference Bureau to draft any legislation resulting from the Task Force.

Resolves that, if the Task Force is unable to fill any vacancies to which it is entitled, the it may fill any vacancies that may exist as of August 15, 2010.

Requests the Task Force to:

- (1) Investigate the most effective means to enhance public awareness that falls are preventable;
- (2) Review the potential for increasing the availability and accessibility of fall prevention programs statewide for caregivers and the elderly on how to prevent falls and effectively use community resources; and
- (3) Investigate the best way to expand the role of medical and health care professionals in screening, educating, and referring elderly persons to fall prevention programs.

Further requests the Task Force to collaborate with interested stakeholders, including health care facilities, community coalitions, government agencies, and organizations concerned with protecting kupuna and preventing falls.

Further resolves that the Task Force submit an interim report to the Legislature no later than twenty days prior to the convening of the Regular Session of 2011, describing the progress made in the review of fall prevention data and impact of senior falls on the State's medical system and health care costs and a final report, including any proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2012.

HEALTH CARE REFORM IMPACT. Requests the Office of the Auditor to review the health care benefits available under the Medicaid Program, the Prepaid Health Care Act, and to analyze the federal health care reform recently passed by Congress to determine its potential impact on the people of Hawaii.

Further requests the Office to review the scope of the Medicaid Waiver Program or any program in the Medicaid Act which allows for expansion of coverage to determine the feasibility of:

- (1) Covering private sector employees and their families earning less than 300 per cent of the federal poverty level under the Medicaid Act regardless of whether the employee is currently covered under the Prepaid Health Care Act; and
- (2) Using the amount of the employer's payment for coverage under the Prepaid Health Care Act to reimburse the State for its portion of the state match in order to pay for coverage of private employees who are eligible for Medicaid because they earn less than 300 per cent of the federal poverty level.

Further requests the Office to submit its report to the Legislature on the above matters no later than twenty days prior to the convening of the Regular Session of 2011.

AEROSPACE INDUSTRY IN HAWAII. Requests the state administration to take proactive, coordinated, and sustained action to fully realize the significant scientific, educational, and commercial benefits the aerospace industry can bring to the State.

Resolves that the State should make aerospace a high priority for innovation and development in the FY 2012-2013 biennium and that the State should work collaboratively and proactively with federal and municipal agencies, as well as local and overseas universities and companies, to explore and promote opportunities to expand and diversify aerospace-related activities in Hawaii.

Resolves that to grow scientific, educational and commercial enterprise statewide, particular emphasis be given to the identification and development of activities and programs that can leverage Hawaii's unique location, geographical assets, resident expertise, and international connectivity, by:

- (1) Developing Hawaii as an international center facilitating multinational partnerships that can reduce the costs and enhance the benefits of future space exploration;
- (2) Concentrating on K-2 education and university based STEM (science, technology, engineering, and mathematics) education and training that can grow Hawaii's technologically proficient workforce;
- (3) Establishing Hawaii as an Asia Pacific hub for advanced aviation training and NextGen (next generation aviation technologies) technology development; and

- (4) Realizing Hawaii's full potential as a global leader in commercial space transportation, including the development of a commercial spaceport that will enable space-based research and space tourism

Resolves that the Office of Aerospace Development promote and help coordinate these activities and programs on behalf of the State, and that adequate financial and staffing resources be provided to the Office of Aerospace Development to enable it to effectively assume and undertake these duties.

WATER FOR AGRICULTURE. Requests the House of Representatives and the Senate to convene a joint investigatory public hearing for the purpose of:

- (1) Investigating the policies and practices of the various state and county agencies' permitting, approvals, and decisions that affect the availability of water for agricultural production and the maintenance of agricultural irrigation systems; and
- (2) Identifying any statutory or other amendments that may be necessary to promote and meet the objectives of the biosecurity program.

Further requests the Department of Agriculture, Department of Hawaiian Home Lands, Department of Health, Department of Land and Natural Resources, Commission on Water Resource Management, Public Utilities Commission, Agribusiness Development Corporation, each county mayor, each county department of water supply, and each county planning department to participate in the investigatory public hearing.

Resolves that the Speaker of the House of Representatives and the Senate President appoint members from each house of the Legislature to constitute a joint committee for the purpose of conducting the investigatory public hearing.

HR 136, HD1

OCEAN VIEW-KAHUKU WATER SYSTEM CONSTRUCTION PROJECT, HAWAII.

Resolves that:

- (1) The House of Representatives establishes a Special Investigative Committee to investigate the status and handling of the Ocean View-Kahuku water system construction project on the island of Hawaii;
- (2) The chairperson of the Committee shall be the Representative of the 5th District and the Vice-chairperson shall be the Representative of the 4th District; the remaining membership of the Committee shall be composed of seven members appointed by the Speaker of the House of Representatives;
- (3) The purpose and the duties of the Committee and the subject matter and scope of its investigatory authority shall be to:
 - (A) Determine the status of the water well and overall water system project;
 - (B) Provide for an audit of the money allocated to the water system in Ocean View;
 - (C) Determine whether an amendment to the EA (environmental assessment) was required relating to the change in project scope after the EA was approved; and
 - (D) Determine upon what basis Bolton Inc. was retained and whether its contract with DWS (County of Hawaii Department of Water Supply) complied with the State Procurement Code under Chapter 103D, HRS;
- (4) The Committee shall have every power and function allowed to an investigating Committee by law, including without limitation the power to:
 - (A) Adopt rules for the conduct of its proceedings;
 - (B) Issue subpoenas requiring the attendance and testimony of witnesses and subpoenas duces tecum requiring the production of books, documents, records, papers, or other evidence in any matter pending before the Committee;
 - (C) Hold hearings appropriate for the performance of its duties, at such times and places as the Committee determines;
 - (D) Administer oaths and affirmations to witnesses at hearings of the Committee; and
 - (E) Report or certify instances of contempt; provided that the Committee is requested to voluntarily limit, as much as possible, the use of its subpoena power to produce witnesses, documents, and other evidence, and voluntarily limit the scope of its investigation, as much as possible, to a review of appropriate publicly available information on the subject matters within the Committee's review;
- (5) The Committee shall be appointed by the Speaker of the House of Representatives exclusively from the membership of the House of Representatives;
- (6) The Committee is authorized to exercise its powers continuously throughout the interim periods between the 2010 and 2011 Regular Sessions, and shall thereafter be dissolved unless further extended by the House of Representatives; and
- (7) The Committee may continue beyond the periods set forth in paragraph (6) for the purpose of monitoring and, if necessary, to propose the amendment or repeal of any legislation enacted as a result of the Committee's efforts.

Requests the Procurement Office with its own staff and other support staff to gather, analyze, and interpret the information submitted to the Committee, and report this information to the Committee and to work under the direction of the Committee and provide such technical, staffing, and other assistance to the Committee as may be necessary, including providing assistance in collecting, reviewing, analyzing, and interpreting documents, testimony, and other evidence obtained by the Committee, and in coordinating the day to day work of the Committee.

Further requests the Legislative Reference Bureau to assist the Committee in conducting analyses, as appropriate, and in drafting appropriate implementing legislation as requested by the Committee.

Further requests the Department of the Attorney General to provide the Committee with copies of documents as may be available, and in providing legal analyses as needed, to the extent that the Attorney General's participation in the work of the Committee does not impermissibly conflict with any litigation of which the Attorney General is a party and that all other departments, agencies, and offices of the State, as appropriate, are requested to cooperate with and provide assistance to the Committee with respect to its investigation.

Further resolves that the Committee submit to the House of Representatives a report no later than twenty days prior to the convening of the Regular Session of 2011.
